## The Department of Obstetrics and Gynecology

For more information, go to: <http://obgyn.ucla.edu>

The Department of Obstetrics and Gynecology at UCLA welcomes referrals for consultation regarding problems in obstetrics, gynecology, gynecologic cancer, reproductive endocrinology, infertility, and menopause. Contraception and family planning services are also available.

The OB/GYN Consultation Suite offers an attractive setting for the comprehensive care of women. First-time UCLA patients should bring previous medical records and special laboratory reports to their first consultation appointment. Please indicate if the patient has been seen previously at UCLA by any service.
